Rudy is from Chotochee and she came to the Park Service with other ~~from~~ members of the Community who were attending a meeting w/ the Park Service. She talked about the hard times going up in the area. Her ~~husband's~~ story also extends into Nabesna and her husband's ^{seasonal} work at the mine. Ann Worlitzer of the Park Service was present for this interview and it was held in the interpreted center ("the dead animal room").
