April 14, 1995

Dear Ms. Hannon,

I recently received a package from the State Library containing copies of "Unangam Awakening". Congratulations on the successful completion of this important project. Before we can add these recordings and accompanying materials to our collection, we must have a signed release form on file. If you would please sign the form I have enclosed and return it to our office, we will then be able to process this collection and make it available to our patrons.

Thank you for your time on this matter.

Sincerely,

Lucinda A. Taylor
Library Assistant
